

RESPECT the person.
the sign.
the rights.

Respect the person! Respect the sign!

When vehicles without an accessible parking permit use an accessible parking space for “just a minute”, that’s 60 seconds too long! Please, don’t do it!

The misuse of accessible parking spaces

- is a daily frustration for persons with disabilities;
- is inconsiderate and insensitive;
- restricts the ability of persons with disabilities to shop, conduct business and actively participate in daily life.

Never park in a space reserved for people with disabilities unless you have a permit to so do. It is the **right** and **respectful** thing to do.

For more information please contact

**The National Commission
for Persons with Disabilities**

by calling 242-397-8603 or

disabilitiescommission@bahamas.gov.bs

Did you know that Section 21 of the Persons with Disabilities Act requires all businesses and buildings which are open to the public to have clearly designated disabled parking spaces?
